

Continue Your Transformation With Nu-Derm Continuum

Once you've successfully completed the full Nu-Derm System, make the most of your skin care investment and help maintain your results with Nu-Derm Continuum, a personalized skin care maintenance plan that will help optimize your transformation and keep your skin looking its best.

Your Personalized Nu-Derm Continuum Evaluation

Nu-Derm Continuum is a personalized maintenance plan that you develop with your skin care physician that is customized based on your skin condition and goals. Please answer the questions below to receive a suggested Nu-Derm Continuum regimen that you can discuss with your skin care physician.

1. What is your skin type?

Select one

- Normal to Dry Skin
- Normal to Oily Skin

2. What is the primary skin concern that you are still concerned about or want to improve?

Select all that apply

- None. I am extremely satisfied with my results and do not have any additional skin concerns after my transformation.
- Tone and Texture. I'm still concerned about roughness and/or uneven skin tone.
- Dark Spots or Pigmentation. I have dark areas that still need to be corrected.
- Dryness. My skin is consistently dry and lacks moisture.

3. Please indicate your level of commitment to a skin care routine and willingness to invest time and money toward your skin's health.

Select one

- Extremely committed. I am willing to do whatever it takes to maintain my results.
- Committed. I understand that it takes time and commitment to maintain beautiful skin, as long as it fits into my daily routine and budget.
- Not at all. The full system was too much for me to keep up every day.
